

PARENT CLUB HEALTH QUESTIONNAIRE

Length of time in the breed: 1-5 years 6-10 years 11-15 years over 15 years

Primary Interests: Breeder Companion Exhibitor Field Obedience

In what state do you live? _____ Name and Address (Optional) _____

How many dogs of this breed do you currently have living with you? _____

CANCER (PLEASE BE SPECIFIC)								DERMATOLOGY							
DISEASE		DOGS AFFECTED						DISEASE		DOGS AFFECTED					
Type:	Age of Onset Age of Death							Allergies	Age of Onset Age of Death						
Type:	Age of Onset Age of Death							Autoimmune	Age of Onset Age of Death						
Type:	Age of Onset Age of Death							Demodex	Age of Onset Age of Death						
CARDIOVASCULAR								Pigment Abnormalities	Age of Onset Age of Death						
Cardiomyopathy (Idiopathic)	Age of Onset Age of Death							Seborrhea	Age of Onset Age of Death						
Heart Murmur	Age of Onset Age of Death							Thyroiditis	Age of Onset Age of Death						
Pulmonary Stenosis	Age of Onset Age of Death							Other:	Age of Onset Age of Death						
Subaortic Stenosis	Age of Onset Age of Death							ENDOCRINOLOGY							
Valve Dysfunction	Age of Onset Age of Death							Diabetes Mellitus	Age of Onset Age of Death						
Other:	Age of Onset Age of Death							Hypothyroidism	Age of Onset Age of Death						
GASTROENTEROLOGY								Pancreatic Insufficiency	Age of Onset Age of Death						
Bloat	Age of Onset Age of Death							Storage Disease	Age of Onset Age of Death						
Chronic Diarrhea	Age of Onset Age of Death							Other:	Age of Onset Age of Death						
Esophageal Disorders	Age of Onset Age of Death							HEMATOLOGY							
Irritable Bowel Syndrome	Age of Onset Age of Death							Non-regenerative Anemia	Age of Onset Age of Death						

GASTROENTEROLOGY (CONTINUED)								HEMATOLOGY (CONTINUED)							
DISEASE	DOGS AFFECTED							DISEASE	DOGS AFFECTED						
Large Bowel Disease	Age of Onset Age of Death							Platelet Abnormalities	Age of Onset Age of Death						
Small Bowel Disease	Age of Onset Age of Death							Von Willebrand's Disease	Age of Onset Age of Death						
Vomiting	Age of Onset Age of Death							Other:	Age of Onset Age of Death						
Other:	Age of Onset Age of Death							NEPHROLOGY							
NEUROLOGY								Bladder Disease	Age of Onset Age of Death						
Central Nervous System Disorders	Age of Onset Age of Death							Familial Renal Disease	Age of Onset Age of Death						
Heal Tilt	Age of Onset Age of Death							Hepatic Disease	Age of Onset Age of Death						
Nerve Degeneration	Age of Onset Age of Death							Urinary Tract Disorder	Age of Onset Age of Death						
Paralysis	Age of Onset Age of Death							Other:	Age of Onset Age of Death						
Seizures	Age of Onset Age of Death							OPHTHALMOLOGY							
Tremors	Age of Onset Age of Death							Cataracts	Age of Onset Age of Death						
Wobbler's Syndrome	Age of Onset Age of Death							Retinal Disease	Age of Onset Age of Death						
Other:	Age of Onset Age of Death							Retinal Dysplasia	Age of Onset Age of Death						
								Other:	Age of Onset Age of Death						

ORTHOPEDIC								REPRODUCTION (FEMALE)							
DISEASE	DOGS AFFECTED							DISEASE	DOGS AFFECTED						
Arthritis	Age of Onset Age of Death							Abnormal Puppies	Age of Onset Age of Death						
Elbow Dysplasia	Age of Onset Age of Death							Chronic False Pregnancies	Age of Onset Age of Death						
Hip Dysplasia	Age of Onset Age of Death							Difficulty in Whelping	Age of Onset Age of Death						
Hypertropic Osteodystrophy	Age of Onset Age of Death							Failure to Carry To Term	Age of Onset Age of Death						
Legg/Perthes	Age of Onset Age of Death							Failure to Conceive	Age of Onset Age of Death						
Osteocondritis Dyslchon	Age of Onset Age of Death							Insufficient Milk	Age of Onset Age of Death						
Panosteitis	Age of Onset Age of Death							Irregular Heat Cycles	Age of Onset Age of Death						
Patella luxation	Age of Onset Age of Death							Mastitis	Age of Onset Age of Death						
Spondylosis	Age of Onset Age of Death							Poor Mothering Instinct	Age of Onset Age of Death						
Other:	Age of Onset Age of Death							Small Litters	Age of Onset Age of Death						
REPRODUCTION (MALE)								Other:	Age of Onset Age of Death						
Abnormal Semen	Age of Onset Age of Death							TEMPERMENT							
Congenital Defects	Age of Onset Age of Death							Aggression	Age of Onset Age of Death						
Cryptorchidism	Age of Onset Age of Death							Shyness	Age of Onset Age of Death						
Lack of Libido	Age of Onset Age of Death							Other:	Age of Onset Age of Death						
Lack of Semen	Age of Onset Age of Death							Please use the back for any comments. You may use additional pages if necessary.							
Monorchidism	Age of Onset Age of Death							Name/Address: (Optional) _____							
Testicular Atrophy	Age of Onset Age of Death							_____							
Other:	Age of Onset Age of Death							_____
